

Understanding social housing

The aims of this course are to give tenants and leaseholders a broad overview of social housing. By putting their experiences, as customers and representatives, into a wider perspective, it is hoped that participants will be better able to influence decisions concerning their own housing.

OUTLINE PROGRAMME

Session 1	Introduction to the course and one another
	History and background to social housing
Session 2	Housing finance and management
Session 3	Tenant participation
Session 4	What future for social housing?
	Course review
